The last time an update was done was ten years ago. District one has over ten percent more population than district two and three. District two will have a minor change just to follow the house district lines south of Poplar. District three will increase two and half sections to the east to the RY road increasing district three population numbers. The first step is for the commissioner to approve the updated map. The second step is to send a letter to the judge for review. Bill Juve asked if the Commissioners will notify the residents of the changes. It was stated no they will not.
