John Bach gave an update on all the different projects. The county road 2051 bridge project, the culvert is in, and the county road will open at the end of the week. The guardrails will be installed the following week. The Sheriff's Office cold storage building is together, some hurricane clips were missing and will get those in. The electrician is there today. Poplar tower project the shelter is in place tower is up and Sheridan electric is running the power from the pole to the shelter, which was a misunderstanding. Sheridan electric only agreed to get the pole in place and the contractor would need to get the power from the pole to the shelter. Also, in the next year would like to start the county road 1010 project.
