**Comments:**

Is it possible to have a pass thru access instead of public access? Landowners understand what is being done but would feel better with pass-through access. They are concerned that with the public access easement the public can stop in the middle of the road, and tear them up, etc. Another concern is in ten years what will happen with the public access resolutions, such as new commissioners coming in and wanting to close or open a county road, these resolutions will be voided. Commissioner Oelkers advised that there are statues on closing or opening a county road that would need to be followed. This is strictly public use, only 20% of county roads have easements already.

Any old easements or petitions on any roads around Bainville?

Old highway 327 out of Bainville to new 327 has not been covered, will that have a public access resolution?

Next meeting will be January 23, 2023, at 6:30 P.M in Culbertson at the Roosevelt County Building conference room.

Commissioner Oelkers adjourned the meeting.
