Action on Temporary County Attorney Contract

Commissioner Oelkers started the meeting off by explaining the County Attorney situation. The County needs a county attorney to keep the office moving forward, the deputy has no authority. The Commissioners have reached out to MACO regarding this situation. There are a few options that the Commissioners are looking at. One option is to appoint an interim appointee, who needs to be a resident of the County. Another option is to make an interlocal agreement with another county, which MACO will send an example of the agreement. Laura mentioned a few ideas and referred to MCA codes such as 7.4.2701 and 7.4.2206. Laura feels she cannot help the County due to workload now and might be a conflict since she is already four cities attorney in the County. Erika asked if anybody else can set bonds and initial appearances? Penny stated she could for the weekend only.

It was mentioned that the County does not need to advertise to appoint a county attorney. Commissioner Toavs stated that the Attorney's Office reached out to the Attorney General's office, they can only help with felony cases. They are waiting for a phone call back from the Attorney General's office for further information. Bill asked the Commission to appoint someone today. Janet is willing to help the County temporarily. She mentioned a lot of the work can be done remotely. Ben stated he is also willing to help as much as he can but doesn't have a lot of time to commit. A motion was made by Commissioner Toavs to appoint Janet Christoffersen as interim county attorney for four months effective when she establishes residency in Roosevelt County, seconded by Commissioner Macdonald. Public Input on Individual Road Resolutions

Commissioner Oelkers started the meeting off with a summary of what the County is doing regarding the individual road Resolutions. These resolutions will petition County roads for public use. The roads the County are passing resolutions on, are county roads that were built with tax dollars or state dollars only. There are four steps to complete the process. First the County must inspect the roads. Second is to

have a public meeting to receive public comment on the proposed roads. Third is passing of the Resolution at the regular public commission meeting. The fourth and final step is to file the approved resolution at the Clerk and Recorders Office.

Commissioner Oelkers explained that in the last ten years there has been increased hardship experienced by landowners due to a lack of publicly recorded right of way or public access on our county roads. This issue has caused landowners to be unable to finance land due to lenders saying there is no way to legally access the land. Some roads are two tracked and haven't been bladed but are still county roads.

Action on Appoint Robert Toavs to the Tax Appeal Board

Commissioner Oelkers stated that there was a 1979 Attorney General Opinion that barred county commissioners from sitting on the tax appeal board. No action required.

Action on MOU between the Sheriff's Office and Wolf Point School District and HPDP

A motion was made by Commissioner Macdonald to act on the MOU, seconded by Commissioner Toavs.

Discussion:

Commissioner Oelkers is in favor of having an SRO in the schools, however, does have a few issues with the MOU.

- Asked if the MOU could begin July 1 to coincide with the county fiscal year rather than the March 1st date.
- MOU should read that the SRO would work at least 20 per week rather than per month.
- Thought the SRO should be paid an hourly rate rather than salary.

Jason stated that the county would invoice HPDP twice a year and the County would be reimbursed the amount of the salary.

Commissioner Toavs stated that he also thought that the position should start for the 2023-24 school year and that we need this position to protect our kids. The position will be under the Sheriff's Office and Jason will need to figure out the logistics.

Commissioner Oelkers asked if the school wanted to get rid of the SRO position. Kim Hanks stated that the issue was that the SRO is really not a law enforcement officer and so if there was an issue, he was unable to do anything until law enforcement was present, which sometimes could be a lengthy wait. Jason stated the MOU would solve this problem and provide the school with a full-time officer.

Eileen Karge asked who should be communicating with HPDP and what do we do with the employee from June-August. Jason stated the communication could be handled by himself and Lawrence Hamilton. Kim Hanks stated that since summer school is in session from July to August that the SRO would continue to work as normal.

Commissioner Toavs is hoping for a smooth transition from the school district to the county if the issues with the MOU can be resolved.

Bill Juve questioned if the annual salary included benefits. Yes, the total amount consists of the salary plus benefits.

A motion was made by Commissioner Macdonald to consider a friendly amendment to rework the MOU. Commissioner Toavs seconded. All in favor, motion to rework the MOU passed.
